

**Stallion power and lighting solutions**

**QUICK AND RIGHT-SIZED**

Be it a work site, event, or disaster response, your project needs to be an around-the-clock endeavor. That means you need the power and lighting that can be wherever, whenever you need it. Whether your operation is temporary, remote, or both, Stallion takes power generation and lighting beyond the industry standard. Quickly deployed and scalable, Stallion's power and lighting solutions give you and your team connectivity, comfort, and security.

**Diesel-Powered Generators**

An isolated site shouldn't suffer from routine outages, so Stallion brings reliable power with diesel-powered generators available in multiple power ratings. Respond to any load demand without compromising EPA standards with Stallion diesel-powered generators.

- Quiet operation (66dB)
- Patented open data winding provides precise voltage control
- Fuel efficient

**Product portfolio:**

Diesel-Powered Generators: 70kVA-95kVA, 96kVA-119kVA, 120kVA-139kVA

**Natural Gas-Powered Generators**

Stallion's proprietary HorsePower™ natural gas generators offer a cost-effective solution unmatched by traditional diesel generators. HorsePower™ generators provide a clean and durable alternative to keep your site up and running.

- Uncompromised reliability
- Advanced telemetry throttling
- Runs on any gas supply from 750 BTU to nearly 1,700 BTU

**Product portfolio:**

Natural Gas-Powered Generator 150kVA

# Delivering Infrastructure Solutions Nationwide

[www.StallionIS.com](http://www.StallionIS.com)

With more than 25 locations throughout the United States, Stallion's industry-leading solutions are always close at hand. We safely transport and deploy our technology, services, and skilled personnel to jobsites, events, and disaster relief efforts nationwide. From the field to the cloud, Stallion delivers security, comfort, and connection, proving with every project that Stallion is MORE.

## Light Towers

A productive site is a well-lit site. Stallion's rapidly deployed lighting solutions can keep your operation secure and working around the clock—even when it's off the grid.

- Manual and programmable options
- Efficient and powerful
- Stable and secure extended towers for greater dispersal

### Product portfolio:

LED Light Tower, Metal Halide Light Tower, Solar Powered Light Tower

## Transformers & Switch Gear

Stallion's transformers and switch gear make the complexity of powering equipment of all sizes and functions simple.

- Customized for your use case
- Temporary and long-term solutions
- All-weather options available

### Product portfolio:

Step Down Transformers, 3-Phase Distribution Panels, Spider Boxes

## PV Power Generation

Whether you're working in a remote environment or reducing your carbon footprint, Stallion's PV power solutions can help you run on clean energy without compromising productivity.

- Efficient and self-sustaining
- Supports sustainability efforts
- Rapid deployment

### Product portfolio:

SST Power Unit, PV Power Box

## Contact Sales

Your jobsite, event, or emergency response begins with power and lighting. Stallion's turnkey service and industry expertise are at your disposal. Give us a call and our team will handle the rest.
